

### Fill-in-the-Blanks Activity Sheet #3

Fill in the blanks below with the correct animal or plant (**all of which are found at Fitzgerald Lake Conservation Area**) from the word bank at the top of the page. Have fun and good luck!

|                  |               |                    |
|------------------|---------------|--------------------|
| American toad    | gray squirrel | spotted salamander |
| Baltimore oriole | kingfisher    | wood duck          |

1. This animal can be found in trees or on the ground while looking for nuts/seeds to eat or to store, they have an excellent sense of smell which they use to find the nuts/seeds that they've buried, and they build large leaf nests high up in trees, :
